

# Bespoke **Lighting**

We are a Czech studio specializing in the design and creation of exquisite lighting sculptures and chandeliers. Our craftsmanship illuminates private residences, luxury hotels, sophisticated commercial spaces, and opulent yachts, blending artistry with functionality to create bespoke masterpieces.

Headquartered in Prague, with production facilities in Nový Bor, Kamenický Šenov, Mladá Boleslav, and their surrounding areas, we proudly operate as a wholly Czech enterprise. Our commitment to excellence is underscored by our exclusive use of local resources and partnerships for our production processes.

In 2024, we have completed over 100 projects worldwide, spanning the United States, Europe, the Middle East, and Hong Kong.

Our portfolio encompasses a diverse array of projects, from intimate residential pieces to grand hotel lobbies.

# Focus

## **Bespoke sculptures and chandeliers**

We specialize in creating bespoke decorative lighting sculptures and installations for private residences, hotels, and various commercial buildings. Our collaborative approach with a diverse clientele allows us to introduce innovative and unexpected elements into each project.

## **Residential collections**

Our design and production capabilities include fully developed collections that can be customized to meet diverse aesthetic and functional requirements. These collections offer the advantage of reduced lead times and cost-effectiveness. Discover the perfect specification to suit your needs.

## **Maritime programme**

Discover our nautical chandeliers, epitomizing the elegance of the sea at its finest. With meticulous craftsmanship and timeless design, these masterpieces infuse your space with noble charm. Illuminate your surroundings with a regal touch, capturing the essence of the sea in every radiant detail.

## **Functional-aesthetical glass projects**

Crystal sculptures, walls, and trophies: our passion extends beyond lighting sculptures. We have a deep appreciation for crystal, making any aesthetic object of interest to us. Whether you need a vase for your table, a crystal glass table for your dining room or yacht, or a wall transformed with crystal, we bring these visions to life.

# Bespoke Chandeliers

Custom-made interior decorative lighting sculptures and installations. Each piece is a unique work of art that has its own spirit and message. It is more than just a product. It speaks for the designer, for the owner. It communicates with its surroundings. It creates value. It creates atmosphere and feelings. It generates memories and thoughts. It connects the tangible and intangible aspects of our being. It creates emotions.

# Residential Collections

SIPEK&SPAŁEK is not only bespoke decorative light sculptures and chandeliers but also collections designed to fit any interior type. On the following pages, you will find our collections arranged in different compositions and dimensions, ranging from small designs suitable for dining and living rooms to large-scale installations. All our collections can be customised in terms of shapes, dimensions, number of components, surface finishes and colour variations. We offer a wide range of crystal colours and various coatings.

# Maritime Programme

Explore nautical chandeliers that embody sea elegance at its finest. With meticulous craftsmanship and timeless design, our works of art infuse your space with noble charm. Illuminate your surroundings with a regal touch, embracing the essence of the sea in every radiant detail.

# Functional- Aesthetical **Glass**

Crystal sculptures, walls or trophies. Creating lighting sculptures isn't our only passion. We share love for crystal, hence any aesthetical object is of interest to us. Do you need a vase for your table? Would you like a crystal glass table in your dining room or on the main deck of your yacht? Or maybe you have a wall that needs to be crystalized. We make these things possible.

# Selected **References**

# Villa Gaucin

Location  
**Spain**

In the living room of the Spanish villa, a stunning chandelier hangs as the centerpiece. This exquisite fixture features an array of glass sandblasted ovals that catch and diffuse the light beautifully. Complementing these are gold-coated spheres, which add a touch of opulence and warmth. Together, these elements create a harmonious blend of modern elegance and timeless luxury, casting a radiant and inviting glow throughout the room.

# Villa Saadiyat

Location  
**Abu Dhabi**

A mesmerizing ensemble of handblown Bohemian crystal lighting. The customized application of our lighting collection STELLAR crafted with expert artistry. Illuminate your space with elegance and grandeur, as the Stellar Collection transforms any room into a celestial sanctuary.

# Jumeirah Residence

Location

**Dubai**

Experience the enchantment of the Celestial Harmony, designed to illuminate your space both day and night. By harnessing the beauty of handblown Bohemian crystal, these exquisite fixtures effortlessly transition from basking in natural sunlight to creating a captivating ambiance under the starry night sky. Whether reflecting the brilliance of daylight or casting a soothing glow after dusk, the Celestial Harmony Collection brings a harmonious blend of elegance and allure to any setting.

# One at Palm

Location  
**Dubai, UAE**

A collection of decorative lighting installations crafted from hand-blown Bohemian crystal. The main lobby installation, spanning over six meters in length, features 250 Bohemian crystal pieces inspired by the dynamic movement of a fish swarm. The crystal components vary in length from 0.7 to 1.5 meters, creating a stunning visual effect.

# Palm Penthouse

Location  
**Dubai**

Indulge in the captivating allure of the Rising Petals Collection, where artistry meets elegance. Each fixture is a testament to exceptional craftsmanship, with delicate petals gracefully unfolding to embrace the shimmering light. Immerse your space in a floral symphony of radiant beauty as the Rising Petals Collection illuminates your surroundings with its enchanting charm.

# Blue Pool

Location  
**Hong Kong**

Autumn leaves sculpted above the dining table. The combination of soda bubbles, gold mica with amber tips and gold coated leaves create an ambient atmosphere not only when dining. Feel the beauty of untamed autumn leaves.

# Envelopa Office Center

Location

**Olomouc, Czech Republic**

Our lighting collection piece Aurum composed into a dynamic double-twisted lighting sculpture.

**A combination of satin sandblasted ovals and gold coated spheres positioned into a elegant composition**

The entrance lobby lighting installation in the Envelopa Office Center in Olomouc, Czech Republic.

# Villa Radonice

Location  
**Radonice u Prahy**

As if there was something better than  
the nature product itself.  
Well there isn't.

# Villa Osnice

Location  
**Ricany, Czech Republic**

Over six metres of gold coated spheres and satin sand blasted ovals illuminating the stairs corridor of the newly built villa in the Czech Republic.

# Villa Ujezd

Location

## **Ujezd u Pruhonic**

A new villa heralds the dawn of a fresh life chapter, brimming with new beginnings. At its heart, a luminous sculpture captures the essence of celebration. Crafted from twenty-five handblown Bohemian crystal champagne glasses, each one radiates an inner light, transforming the space into a symphony of sparkle and glow. As we raise our glasses, we toast to new horizons and the journey ahead. Cheers to the promise of what lies ahead!

# Zen Views

Location  
**Dubai, UAE**

A piece of tranquility and balance. Over 200 handblown Bohemian crystal tubes with sandblasted tips. A large yet delicate lighting installation enhancing the living room of a spectacular penthouse located in one of the most exclusive residential projects in Dubai – One at Palm Jumeirah.

# Palm Residence

Location  
**Dubai, UAE**

A gold coated, sand blasted and crystal clear petals-like components twisted into a lighting sculpture. Carefully crafted by the hands of our skilled glass artisans.

# Palme Couture

Location

**Dubai, UAE**

Our crystal concept „Symphony of champagne glasses“ materialized in a private residence.

# Al Mamzar Residence

Location  
**Dubai, UAE**

A mixture of a bronze coated, sand blasted and crystal clear petal-like components.

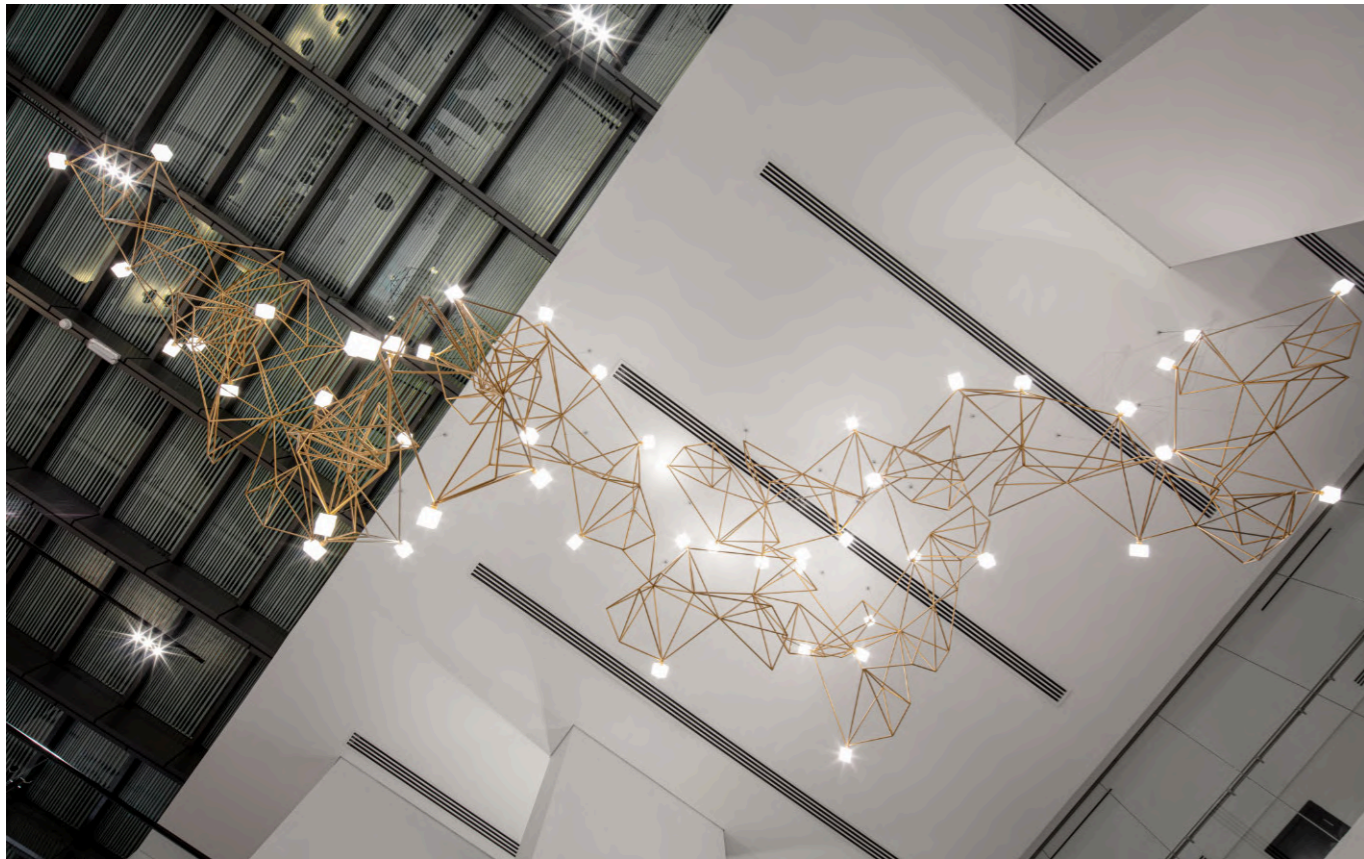

# Hotel Millennium

Location  
**Dubai, UAE**

The lobby lighting flying installation with its golden colour and uncommon shape partially hanging above the lobby skylight was designed to fit into the colourful and playful interior of the main lobby.

**50 sandblasted and separately illuminated crystal cubes and a total span of over 16 metres.**

The Millennium hotel lobby lighting installation represents high precision piece of work with strong focus on all details grabbing each visitors eye straight after entering the building.

# Fountain Views

Location  
**Dubai, UAE**

A set of in total 28 crystal columns installed in the main lobby area, exterior path and lift lobby of the Address Fountain Views hotel contributing to the majestic atmosphere of the entire place. The shape is inspired by the architecture of the building itself.

Day and night those illuminated elements with its overall dimensions are letting the visitors know about their presence in the 280 metres high Fountain Views tower.

# Private Yacht

Location  
**Istanbul, Turkey**

The Handblown Bohemian Crystal Leaves Chandelier. Exclusively crafted for your private yacht's dining table, its cascading crystal leaves capture the essence of opulence. As gentle waves sway beneath, the chandelier casts a radiant glow, infusing each meal with timeless sophistication. Prepare to embark on a culinary journey surrounded by the shimmering beauty of this extraordinary masterpiece.
